# NO TIME TO WASTE.

For over 70 years, Tupperware® has provided reusable, durable and easy-to-use solutions that help to minimise plastic and food waste. **And we're not stopping.**

Our **Eco+** range was created as part of our commitment to provide functional and eco-friendly products that make life better for you, your family and our world. Plastics that would have ended up incinerated or in landfill have been re-purposed and given new life as Tupperware® **Eco+** range. Recycled Tupperware® is given a second life by being made into useful products in our **Recycline** range.

You can play a big part in the change. Choose reusable over disposable. Make your food last longer by clever storage solutions in our specialised and durable containers.

Good choices add up and together we can make a difference.

We are committed to the highest quality products made from thoroughly selected top quality materials. We put the safety and well-being of our product-users first.

## **Reduce. Recycle. Reuse.**

As a company, we have always used our products to make an impact on the world around us. Tupperware® products are focused on helping people reduce their individual impact on the environment by minimising their plastic waste. And many of you have been part of it. Instead of putting discarded Tupperware® products in the bin, we now recycle them into new and useful products, giving them a second life.

# Easy Pulled Pork

**Serves:** 8

**Cooking time:** 30 minutes

1 kg pork shoulder, chopped  
into 12 x 7cm pieces

1 tsp coarse salt

½ tsp black pepper

2 cups apple cider

2 tbsp apple cider vinegar

Place pork in base of Microwave Pressure Cooker and season with salt and pepper, to taste.

Pour cider and vinegar over pork. (Cider should cover pork and not exceed max fill line). Seal and microwave on high power 30 minutes.

Remove from microwave and allow pressure to release naturally until red pressure indicator is fully lowered, indicating when it's safe to open. This can take about 10-15 minutes.

Remove to a cutting board and shred using 2 forks.

Serve with your favourite toppings in crusty rolls or on tortillas.

80g cherry tomatoes  
100g cream cheese  
1 egg  
Salt & pepper to taste

Place the MicroPro® Ring in the MicroPro® Grill. Then place the puff pastry into the ring, overlapping the edges.

Wash the spring onion and slice into little pieces. Grate the parmesan. Wash and half the tomatoes.

Stir the cream cheese and egg together and add a pinch of salt and pepper to taste. Add in the spring onion and parmesan. Spread the cream cheese mixture onto the puff pastry.

Place the tomatoes onto the cream cheese mixture with the cut surface facing upwards. Place the cover in the top cooking position (high) on the MicroPro® Grill. Cook the quiche at 1000 watts for 10 minutes.

**“Going 100% online  
has transformed my  
Tupperware® business”**

Recently I needed to change the way I sold Tupperware® as in-home selling was no longer an option. My business has now moved totally online and I am seeing incredible growth. In fact my sales have doubled. My business is now a combination of social selling and online events.

I am loving online events and can still use my strength of demonstrating from the comfort of my own home. It's a fortunate place to be, where I can still be present for my children and make money at the same time.

I want to let everyone know that they CAN do this!
